Rogelio Lozano

rjlozano58@gmail.com | (773) 639-7377 | Chicago, IL

Education

University of Illinois at Chicago **Chicago, IL**
B.S. in Computer Science, Magna Cum Laude **Aug 2022 – May 2026**

Certifications

Cisco Certified Network Associate (CCNA) – Expected Jan 2027
App Development with Swift Associate – Jul 2025

Technical Skills

Virtualization & Storage: Proxmox VE, Virtual Machines, LXC Containers, Docker, ZFS, RAID 1, NAS, Snapshots & Backups
Systems & Desktop Support: Windows, macOS, Linux, Hardware Troubleshooting, OpenSSH, Remote Administration, User & Permission Management, Device Inventory
Networking: TCP/IP, DNS, DHCP, VLANs, Subnetting, Port Security, 802.1X/RADIUS, Switch & Router Configuration, VPN (Tailscale)
Scripting & Tools: Bash/Shell, Python, C++, SQL, Git, Wireshark

Projects

Custom NAS & Virtualization Server | *Proxmox VE, ZFS, RAID 1, Windows Server, Linux* **Oct 2026 – Present**

- Building a **network-attached storage (NAS)** server from scratch, installing the motherboard and core components.
- Deploying the **Proxmox VE** hypervisor to run services as isolated **virtual machines and LXC containers** with snapshots and backups.
- Utilizing **ZFS mirrored storage (RAID 1)** to survive a drive failure, using checksums to repair silent corruption.
- Building a **Windows Server** VM lab with **Active Directory**, DNS, and Group Policy to practice user and domain management.

Self-Hosted Home Server | *Ubuntu Server, Docker, CasaOS, OpenSSH, Tailscale, Bash* **Jun 2026 – Present**

- Administer an always-on **Ubuntu Linux server** hosting containerized services with **Docker**, including Jellyfin, Immich, Audiobookshelf, and Navidrome.
- Manage the server through **remote connections** (OpenSSH, Tailscale VPN) without exposing services to the internet.
- Troubleshoot network, hardware, and software issues to the **root cause** to keep hosted services available.

Experience

Sandbox – Apple Community Education Initiative **Jun 2025 – Present**
Swift Programming Instructor *Chicago, IL*

- Provide **on-site technical support** as the go-to for 70+ students' device issues, resolving **hardware, software, and connectivity** problems.
- Manage inventory and check-out of **100+ MacBooks and iPads**, keeping accurate device loan records and contracts.
- Taught multiple 8-week Swift and SwiftUI courses, achieving a **100% pass rate** on the Swift Associate certification exam.

Everyone Can Code – Apple Community Education Initiative **Summers 2025 – 2026**
Swift App Development Instructor *Chicago, IL*

- Promoted from TA to **Instructor**; led a summer cohort building iOS apps, coaching a student team that **won competitions** and **presented at Apple events**.
- Explained technical concepts to non-technical learners, building the **communication and customer service** skills used in end-user support.

Google LLC **Jul 2024 – Aug 2024**
Data Analyst Intern *Chicago, IL*

- Analyzed 50+ datasets using SQL in Google BigQuery and built Looker Studio dashboards that surfaced trends in YouTube's user experience and growth.
- Developed and pitched YouShop, a YouTube e-commerce integration, to an audience of 100+, presenting market research and technical analysis.

A Better Chicago **Jun 2024 – Jul 2024**
Software Developer Intern *Chicago, IL*

- Built a **Python** web tool integrating the Google Gemini API to estimate applicant success rates, speeding up grant review.
- Improved evaluation accuracy by fine-tuning AI models on records of 200+ past candidates.
